

Schedule 3 – Table of Benefits and Exclusions
Smart Care - SC1-DT-291 (Cat A)

Plan	SmartCare by Cigna Plan 1	Clarifications
INSIDE THE UAE		
Network	Cigna Open 1 - ✓ Cigna Open 2 - ✓ Cigna Open 3 - ✓	Your assigned list of Healthcare Providers which you can visit to receive Treatment on a Direct Billing basis. * Network Co-insurance applies
Network Co-insurance	Cigna Open 1 – Nil Cigna Open 2 - Nil Cigna Open 3 - Nil	This is the percentage payable by the Member when electing to receive Treatment: - At a chosen In Network provider on a Direct Billing basis. Please note: Where there is Network Co-insurance payable, that will apply instead of the selected Out-Patient Co-insurance, with the exception of Maternity Co-insurance which will be applied in addition. Where Network Co-insurance is nil, the selected Out-Patient Co-insurance will apply. No Network Co-insurance applies in the following circumstances: - Emergency Treatment - Where the only Healthcare Providers providing the Treatment are within the Network where a Network Co-insurance would apply.
Out-Patient Co-insurance	20% max Co-insurance up to AED 50 per O/P consultation	This is the percentage/amount payable per person, per Out-Patient consultation, and/or per service (e.g., drugs, laboratory tests, etc.). This will apply in the instances where there is no Network Co-insurance applicable.
Member Re-imbursement Claims Co-insurance	20% on actual costs	This is the percentage payable by the Member when electing to receive Treatment: - At a chosen out of Network provider. or, - In Network on a member re-imbursement basis, rather than availing Direct Billing. Please note: The selected Out-Patient Co-insurance applies in addition to any Member re-imbursement claims Co-insurance. The member re-imbursement claims Co-insurance will not apply in the following circumstances: Treatment is not available within our Network

Please note:

- All **Benefits** are subject to **Medical Necessity** review pursuant to **Cigna's** medical coverage policies or other appropriate guidelines in **Cigna's** sole discretion.
- Should the **Benefits** under the **Plan** fall below the minimum required then the cover under the policy will automatically increase to the same level as requested by" the DHA or DOH".

OUTSIDE THE UAE

Network Co-insurance	Nil	This is the percentage payable by the Member when electing to receive Treatment: At a chosen In Network provider on a Direct Billing basis. Please note: The selected Out-Patient Co-insurance will apply to all Treatment outside of the UAE.
Member re-imburement claims Co-insurance	20% on actual costs	This is the percentage payable by the Member when electing to receive Treatment: - At a chosen out of Network provider. or, - In Network on a member re-imburement basis, rather than availing Direct Billing. Please note: The selected Out-Patient Co-insurance applies in addition to any Member re-imburement claims Co-insurance. The Member re-imburement claims Co-insurance will not apply in the following circumstances: - Treatment is not available within our Network - No Network exists within Area of Cover

Benefits	SmartCare by Cigna Plan 1	Clarifications
Area of Cover	Worldwide excluding USA	Regional Cover: (Gulf Cooperation Council (GCC) countries (Saudi Arabia, United Arab Emirates, Kuwait, Oman, Bahrain and Qatar), Jordan, Lebanon, , Egypt, Tunisia, Morocco, Algeria, Libya, India, Pakistan, Sri Lanka, Bangladesh, Korea, the Philippines, Thailand, Indonesia, Nepal & Bhutan, except where coverage and services (including payments) are illegal pursuant to and in compliance with applicable sanction laws). Includes for a Member that Member's Home Country if Home Country Cover is selected below. Worldwide excluding USA: All countries world-wide with the exception of The United States of America.
Home Country Cover Option*	N/A	Please note: This Option excludes USA cover. Evidence of dual citizenship to be provided at enrolment of a Member in order to be afforded Home Country Cover in two locations.
Pre-Existing Conditions (including Chronic)	Covered	We pay for all Pre-existing conditions inclusive of Pre-existing Chronic conditions up to the limit. This is an aggregate limit for all Pre-existing conditions, except dental and vision Pre-existing conditions which are not limited here. Pre-existing is defined as any known/unknown medical condition or related medical condition (Injury, illness, Sickness, disease or other physical, medical, mental or nervous condition, disorder or ailment) that with reasonable medical certainty existed prior to joining the Policy, whether or not previously manifested or symptomatic, diagnosed, treated including any subsequent, Chronic or recurring complications related to it. Chronic is defined as a disease, illness, or Injury that has one or more of the following characteristics: • It needs ongoing or long-term monitoring through consultations, examinations, check-ups, and / or tests • It needs ongoing or long-term control or relief of symptoms • It may require rehabilitation or the patient to be trained to cope with it. • It continues indefinitely • It comes back or is likely to come back.

Please note:

- All **Benefits** are subject to **Medical Necessity** review pursuant to **Cigna's** medical coverage policies or other appropriate guidelines in **Cigna's** sole discretion.
- Should the **Benefits** under the **Plan** fall below the minimum required then the cover under the policy will automatically increase to the same level as requested by" the DHA or DOH".

		Note: - Where Treatment of a condition is Treatment of a Pre-existing condition, the Treatment will be paid under the condition specific Benefit and will also accumulate towards this Pre-existing condition limit. - If the related Benefit limit is exhausted no further Treatment will be covered even if the Pre-existing condition limit is not exhausted except for an acute phase of a Pre-existing condition which will be limited by the Plan Annual Maximum. The reverse also applies, if the Pre-existing condition limit is exhausted no further Treatment for a Pre-existing condition will be covered even if the condition specific Benefit for that Treatment has not been exhausted. - Emergency Treatment will be covered in full and will not accumulate to a Benefit limit but will accumulate to the Plan Annual Maximum and all Treatment following an Emergency condition being stabilised, will accumulate toward all applicable Benefit limits. - Any treatment or costs, for or relating to, Gene or Genetic therapy is not covered.
Plan Annual Maximum	AED 3,673,000 per Year of Insurance	Applies per Member per Year of Insurance.

In-Patient/Day Case Healthcare Benefits	SmartCare by Cigna Plan ¹	Clarifications
Hospital Charges for: - Accommodation costs for In-Patient Treatment - Nursing for In-Patient Treatment - Day-case Treatment - Operating theatre and recovery room - Prescribed Medicines, drugs and dressings for In-Patients or day case Patients	Private	We pay charges for your hospital accommodations, including all hospital meals. We do not pay for personal items such as but not limited to telephone calls, newspapers, guest meals or Cosmetics. We pay for the length of stay that is medically appropriate for the procedure that you are admitted for. Examples: Unless Medically Necessary, we do not pay for day-case accommodations for Out-Patient Treatment (such as an MRI scan), and we do not pay for In-Patient accommodations for Day-case Treatment (such as a biopsy) under this Benefit. Note: Day Case Treatment means Care involving admission to a healthcare provider and using a bed but not staying overnight.
Companion Accommodation	Covered	We pay for the costs of accommodation for a person accompanying an In-Patient member in the same room at the recommendation of the treating doctor, based on Medical Necessity. Note: - This does not include costs for meals and personal items such as but not limited to telephone calls, newspapers, or guest meals. - Benefit is not applicable if child is in ICU or HDU ward, where parental accommodation is not available in the same room as the child.
Parental Accommodation	Covered	We pay for hospital accommodations for each night you need to stay with your child in the same room. This is limited to: - Only one parent each night. - Your child must be under 18 and receiving Treatment for which he or she is covered under this Policy. Note: - This does not include costs for meals and personal items such as but not limited to telephone calls, newspapers, or guest meals. - Benefit is not applicable if child is in ICU or HDU ward, where parental accommodation is not available in the same room as the child.

Please note:

- All **Benefits** are subject to **Medical Necessity** review pursuant to **Cigna's** medical coverage policies or other appropriate guidelines in **Cigna's** sole discretion.
- Should the **Benefits** under the **Plan** fall below the minimum required then the cover under the policy will automatically increase to the same level as requested by" the DHA or DOH".

In-Patient Cash Benefit	AED 750 per night Max 30 nights per Year of Insurance	We will pay the specified amount to the Member for each night spent in hospital, up to a maximum of 30 night per year of insurance only. - The Benefit is only payable where In-patient treatment is received completely free of charge and would have otherwise come at a cost to the member and in respect of Treatment that is covered under the terms and conditions of the policy. For example, if a Member received Treatment at no charge from a governmental hospital or in an equivalent registered or licensed hospital under the laws of the country, state or other regulated area in which the treatment is provided rather than electing to receive treatment at a chargeable hospital/facility - An overnight stay must commence before midnight. - The Benefit will be payable upon discharge from hospital and submission of all invoices and supporting medical documentation. Note: - We will not pay any amounts which are higher than the Benefit detailed. - This Benefit is available only on a reimbursement basis, but the Member reimbursement claims Co-insurance will not apply.
Surgeon's and Anaesthetist's Fees	Covered	We pay for the fees charged by surgeons and anaesthetists for the eligible Treatment they deliver based on the complexity, time and skill required to perform a procedure.
Specialist Physician's Fees	Covered	This Benefit is paid in full for regular visits by a Specialist physician during stays in hospital including intensive care for as long as is required by Medical Necessity.
Surgical Procedures	Covered	This means a medical procedure involving incision with instruments, performed to repair damage or arrest disease in a living body. Note: This Benefit does not include follow-up consultations with your consultant as these are paid from the Out-Patient Benefit.
Intensive Care	Covered	We pay for intensive care in an intensive care unit/intensive therapy unit, high dependency or coronary care unit (or their equivalents) when: - It is an essential part of your Treatment, and is required routinely by Patients undergoing the same type of Treatment as yours, or - It is Medically Necessary in the event of unexpected circumstances; for example, if you have an allergic reaction during surgery, seizures, etc.

Radiology and Pathology	Covered	We pay for the following when recommended by your consultant to help determine or assess your condition when carried out in a hospital. Radiology: such as X-rays, magnetic resonance imaging (MRI), computed tomography (CT), positron emission tomography (PET), and diagnostic tests such as electrocardiograms (ECGs) Pathology: such as checking blood and urine samples
Home Nursing Charges	Covered up to 30 days per year of Insurance	We pay for Home Nursing after eligible In-Patient Treatment: • If recommended by a Specialist physician immediately after hospital Treatment for as long as is required per Medical Necessity. • When Home Nursing is provided by a recognised nurse, licensed by the Regulatory authority in the region. • On a full-time basis for as long as is required by Medical Necessity for Treatment which would normally be provided in hospital; when recommended by a Specialist physician.
Internal Appliances	Covered	This means an artificial body part or appliance which is designed to form a permanent part of your body and is surgically implanted. We pay for: • An artificial limb, prosthesis or device which is inserted during surgery; for example, to replace a joint or ligament. • An artificial prosthesis or device which is a necessary part of the Treatment immediately following surgery for as long as is required by Medical Necessity; for example, heart pacemaker or heart valves.
Psychiatric Care	Covered Max 30 days per Year of Insurance	We pay for In-Patient non-Emergency psychiatric conditions, other mental health disorders or addictive conditions.
Local Ambulance	Covered	This Benefit is payable for transport to or from a hospital. We pay for Medically Necessary travel by road ambulance when related to eligible In-Patient Treatment or day-case Treatment.
Rehabilitation	Covered	We pay for Treatment in the form of a combination of therapies such as physical, occupational and speech therapy aimed at restoring full function after an acute event such as a stroke. We only pay for rehabilitation where it starts within 30 days of discharge after an In-Patient Treatment which is covered by your plan (such as trauma or stroke). Note: We do not cover Treatment for or in connection with speech therapy that is not restorative in nature, or if such therapy: • Is used to improve speech skills that have not fully developed; • Can be considered custodial or educational; or • Is intended to maintain speech communication.

Please note:

- All **Benefits** are subject to **Medical Necessity** review pursuant to **Cigna's** medical coverage policies or other appropriate guidelines in **Cigna's** sole discretion.
- Should the **Benefits** under the **Plan** fall below the minimum required then the cover under the policy will automatically increase to the same level as requested by "the DHA or DOH".

Physiotherapy	Covered	We pay for Treatment provided by a physiotherapist if it is needed as part of your Treatment in hospital following an inpatient stay.
---------------	---------	---

Please note:

- All **Benefits** are subject to **Medical Necessity** review pursuant to **Cigna's** medical coverage policies or other appropriate guidelines in **Cigna's** sole discretion.
- Should the **Benefits** under the **Plan** fall below the minimum required then the cover under the policy will automatically increase to the same level as requested by" the DHA or DOH".

Please note:

- If you choose the Out-Patient Co-insurance option which applies to consultations only, then this Co-insurance will apply to any Out-Patient consultations. This Out-Patient Co-insurance will not apply where Network Co-insurance applies.
- If you choose the Out-Patient Co-insurance option which applies to all Out-Patient Benefits, then this Co-insurance will apply to all Out-Patient services (i.e. Consultations, Drugs, Laboratory etc.). This Out-Patient Co-insurance will not apply where Network Co-insurance applies.

Out-Patient Healthcare Benefits	SmartCare by Cigna Plan ¹	Clarifications
Out-Patient Consultations	20% max Co-insurance up to AED 50 per O/P consultation	We pay for consultations with Medical Practitioners, Family Doctors and Specialists. Note: • Your selected Out-Patient Co-insurance applies except when your Network Co-insurance applies. • Co-insurance/Deductible is not applicable for follow up within 7 days.
Prescribed Medicines, Drugs and Dressings	Covered Co-pay to 20% Max AED 100	We pay for prescribed medications, drugs and dressings by a Medical Practitioner for eligible Treatment. It also includes prescribed vitamins where they have been prescribed as Treatment for a diagnosed vitamin deficiency condition. Note: • This Benefit excludes non-prescribed over-the-counter medications and vitamins. • The length of prescription allowed is up to 90 days This is subject to prescription by the treating physician and approval by us. • Any drugs related to pregnancy including Prescribed multivitamins and prescribed mineral supplements are covered under the Routine Out-Patient Maternity Benefit; this excludes Omega 3 supplements, even if prescribed, (e.g., Pregnacare Plus is not covered). • Prescribed vitamins are covered in cases of: ✓ vitamin deficiency conditions (There should be a medical test confirming the vitamin deficiency) ✓ pregnancy state ✓ immune compromised ✓ if prescribed with antibiotics ✓ for neuropathy ✓ for diabetic Patients • Herbal products are not covered. • Infertility medications are not covered. • Diabetes testing strips & lancets are not covered. • Any treatment or costs, for or relating to, Gene or Genetic therapy is not covered.

Please note:

- All **Benefits** are subject to **Medical Necessity** review pursuant to **Cigna's** medical coverage policies or other appropriate guidelines in **Cigna's** sole discretion.
- Should the **Benefits** under the **Plan** fall below the minimum required then the cover under the policy will automatically increase to the same level as requested by" the DHA or DOH".

X-rays, Laboratory Tests and Pathology	Covered	We pay for x-rays, laboratory tests and pathology.
Non-Surgical and Minor Surgical Procedures and Treatment	Covered	We pay for Treatment or surgery that does not require an overnight hospital stay, with shorter medical procedure duration.
Complementary and Alternative Treatment	AED 10,000 Co-insurance: 10%	We pay for Acupuncture, Chiroprody/ Podiatry, Chiropractic, Osteopathy, Ayurvedic, Traditional Chinese medicine and Homeopathy, when administered by a licensed practitioner. Note: - This Benefit is covered where it is recognised as an alternate Treatment and Medically Necessary for the diagnosed condition. - We do not cover alternative Treatment at a fitness centre, unless the fitness centre is registered as a Health Care Provider with the local authorities. - Member reimbursement Co-insurance is not applicable for this Benefit.
Physiotherapy	Covered	We pay for the cost of both the consultation and Treatment: - This Treatment must be administered by a licensed physiotherapist; and when referred by a Medical Practitioner physician. - Treatment given by a physiotherapist must be under the medical supervision of a Medical Practitioner. Medical supervision means that the reason for referral has been initiated by the Medical Practitioner who has defined a diagnosis. - There must be a clear Treatment program from the physiotherapist with an end point and expected outcome. - Pre-approval is required for the first session and up to a further four (4) can be pre-approved at that time. - Any further Treatment/sessions needed will require review and further referral by the supervising Medical Practitioner and approval by us.
Vaccination for children	Covered	We pay for all mandated vaccinations for children. Note: This Benefit covers vaccines that must be given as per the vaccination schedules mandated by the regional Regulatory authorities (MOH/WHO)
Adult Vaccinations	Covered	We pay for adult vaccinations related to travel and other Medically Necessary vaccinations when prescribed by a licenced physician.

Please note:

- All **Benefits** are subject to **Medical Necessity** review pursuant to **Cigna's** medical coverage policies or other appropriate guidelines in **Cigna's** sole discretion.
- Should the **Benefits** under the **Plan** fall below the minimum required then the cover under the policy will automatically increase to the same level as requested by" the DHA or DOH".

		Travel vaccinations include (but are not limited to): - Tetanus - every 10 years - Hepatitis A & B - Meningitis - Rabies - Cholera - Yellow fever - Japanese encephalitis - Polio booster - Typhoid - Malaria - tablet form, daily or weekly Note: • Some providers might ask you for a proof of travel such as air tickets, as per their internal process. • This Benefit does not cover vaccination campaigns or mass vaccination events.
Emergency Dental Treatment	Covered	We pay for Treatment received at a hospital or a licensed dental clinic; for the first Emergency visit immediately or within 24 hours maximum after accidental damage to sound, natural teeth at the time of accident.
Psychiatric Care	AED 18,500	This Benefit is covered when a psychiatric condition exists. We pay for treatment of non-Emergency Out-Patient psychiatric conditions or other mental disorders. Note: Counselling is covered under this Benefit only when an underlying psychiatric condition has been diagnosed.

Please note:

- All **Benefits** are subject to **Medical Necessity** review pursuant to **Cigna's** medical coverage policies or other appropriate guidelines in **Cigna's** sole discretion.
- Should the **Benefits** under the **Plan** fall below the minimum required then the cover under the policy will automatically increase to the same level as requested by "the DHA or DOH".

Oncology Treatment In-Patient and Out-Patient	Covered	Once cancer is diagnosed, we pay fees that are related specifically to Planning and carrying out Treatment for cancer. This includes consultation, laboratory & radiological investigations, prescribed medications, chemotherapy and radiotherapy. Note: • If the cancer is considered as Pre-existing, the Benefit will be paid out of the pre-existing limit. • Emergency Treatment will be covered in full and will not accumulate to a Benefit limit but will accumulate to the Plan Maximum Amount and all Treatment following an Emergency condition being stabilised, will accumulate toward all applicable Benefit limits • Wigs for hair loss due to cancer Treatment are not covered. • Out-Patient Co-insurance does not apply to this Benefit. • Any applicable Network Co-insurance will apply. • Any treatment or costs, for or relating to, Gene or Genetic therapy is not covered.
--	----------------	--

Other Benefits	SmartCare by Cigna Plan 1	Clarifications
International Emergency Services	Covered	This Benefit requires pre-approval and arrangement by Cigna for the following services: (a) Emergency Medical Evacuation, (b) Medical Repatriation, (c) Reasonable transport costs for third parties. Note: • Expenses incurred without pre-approval and arrangement by us will not be reimbursed. • We do not pay for hotel accommodation costs for the accompanying person.
Repatriation of Mortal Remains	Covered	We pay for the repatriation of mortal remains when the member deceases outside their country of citizenship. The Medical Assistance Service will arrange as soon as reasonably practicable for the return of the bodily remains to the Country of Citizenship of the deceased.
Emergency Out of Area Cover	Covered	We will reimburse reasonable costs for a Member's Treatment and for services related to Treatment in respect to Emergency conditions when Treatment is incurred during a period of 30 days of absence from the Selected Area of Coverage, whether the absence is for the purposes of business or pleasure, where the Member do not travel wholly or partly to have Treatment. Note: An Emergency is defined as the sudden onset of an illness, injury or medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) requiring immediate and unscheduled medical care, and if left untreated could result in placing the person's life and/or health in serious jeopardy; serious impairment to bodily functions; serious dysfunction of a bodily organ or part; serious disfigurement; or in the case of a pregnant woman, serious jeopardy to the health of the foetus. It is the emergency medical condition of the patient, not the diagnosis, which drives the necessity for immediate treatment. Symptoms must be sufficiently severe to cause the patient to seek immediate medical aid.
Organ Transplant	Covered	By this we mean the moving of an organ from one body to another, to replace the recipient's damaged or absent organ. Organs most often transplanted include but are not limited to: • Kidney • Liver • Heart • Pancreas • Lung • Small intestine

Please note:

- All **Benefits** are subject to **Medical Necessity** review pursuant to **Cigna's** medical coverage policies or other appropriate guidelines in **Cigna's** sole discretion.
- Should the **Benefits** under the **Plan** fall below the minimum required then the cover under the policy will automatically increase to the same level as requested by "the DHA or DOH".

		We pay for charges made as the recipient of the organ. Certain transplants will not be covered based on general limitations (e.g., experimental procedures). Note: - Any drugs prescribed for use as an Out-Patient, including anti-rejection drugs, are paid from your prescribed Out-Patient drugs and dressings Benefit. - We do not pay any costs relating to the donor which includes acquisition and organ costs.
Renal dialysis	Covered	We pay for all renal conditions requiring haemodialysis or peritoneal dialysis, and related investigations, Treatments or procedures.
Medically Necessary Reconstructive Surgery	Covered	We pay for Medically Necessary reconstructive surgeries which are related to an injury, Sickness or congenital anomaly when the primary purpose is to improve physiological functioning of the involved part of the body and appearance after a disfiguring accident, or as a result of surgery for cancer, if the accident or surgery occurs during your membership of the scheme.
Hepatitis A & C and Associated Complications	Covered	We pay for any healthcare services, investigations and Treatments related to hepatitis A & C and associated complications.
Hormone Replacement Therapy (HRT)	Covered	Hormone replacement therapy (HRT) is a Treatment used to relieve symptoms of menopause. It replaces hormones that are at a lower level as you approach menopause. We pay costs for hormone replacement Treatment, when recommended by a Specialist physician, for women above the age of 40, and for cases of naturally occurring menopause. However, Treatment involving unproven or experimental methods or procedures will not be covered.
Passive War Risk	Covered	We pay for Injuries sustained due to an act of war provided the Member is not participating.
External Prosthetic Devices and Medical Equipment	AED 20,000	We pay for this Benefit when determined as Medically Necessary on a short-term basis and approved by us Examples of durable medical equipment (different from a surgical appliance): - Wheelchairs - Walkers

		Prosthetic Devices and Medical Equipment must be prescribed by a licensed physician and must meet all of the following criteria: • It's FDA-approved for the purpose being prescribed. • It's durable enough to withstand repeated use. • It's primarily used to serve a medical purpose. • It's appropriate for use in the home, which is where you live and doesn't include a hospital or skilled or intermediate nursing facility. • It's necessary and reasonable for the Treatment of your illness or injury, or to improve the functioning of a malformed body part. • It shouldn't be useful to a person in the absence of an illness or injury. • For mobility equipment, it is used to help a Patient in daily living activities such as toileting, feeding, dressing, grooming, and bathing in a Member's home. Note: This Benefit excludes hearing aids.
Non-Emergency Work-Related Injuries	Covered	We pay for bodily Injury sustained at the Member's place of work causing physical Injury to a body part. Note: We will not pay for work- related diseases. Emergency Treatment will be covered in full and will not accumulate to a Benefit limit but will accumulate to the Plan Annual Maximum and all Treatment following an Emergency condition being stabilised, will accumulate toward all applicable Benefit limits.
Road Traffic Accidents (RTA)	Covered	We pay for injuries resulting from a Road Traffic Accident.
Home Flight Air Fare for outside UAE Treatment	Covered	We will reimburse the actual cost of one Economy home air fare ticket for Treatment outside of the UAE provided the following conditions are met: • Area of Cover includes the Member's country of citizenship. • Treatment occurs in the Members country of citizenship. • Treatment is In-patient only (medical report and Cigna Clinical Team review required). • The airfare class is Economy. • The airfare claimed is for a flight taken by the Member for the purpose of receiving Treatment. • The overall cost of the airfare and the Treatment cost does not exceed 90% of the cost for the same Treatment if it was provided in Network within the UAE at the highest Network level where the Member has no Co-insurance applicable.

Please note:

- All **Benefits** are subject to **Medical Necessity** review pursuant to **Cigna's** medical coverage policies or other appropriate guidelines in **Cigna's** sole discretion.
- Should the **Benefits** under the **Plan** fall below the minimum required then the cover under the policy will automatically increase to the same level as requested by" the DHA or DOH".

Visiting doctor fees	Covered only to the contracted rate of the Network hospital	If you chose to use a visiting doctor whose costs are greater than those of a Healthcare Providers in-house doctor, you will have to pay the difference.
International Employee Assistance Programme (IEAP – Level 2)	Covered up to 3 face to face or telephonic counselling sessions per topic with a counsellor	This Benefit provides immediate unlimited access to 24/7 telephonic support through a toll-free line. The multilingual team of qualified counsellors answers plan members' questions, assesses the problem, whether big or small, discusses and develops an action plan together with them.
Congenital and/or Hereditary Disorders	AED 25,000	We pay for any disorder or illness acquired during conception or the foetal stage of development as a result of the genetic make-up of the parents or environmental factors, whether or not it is manifested or diagnosed before birth, at birth, after birth, or years later. Note: this Benefit excludes - Any dental Treatment related to congenital jaw deformities, surgical removal of impacted teeth, the surgical removal of cysts and orthognathic surgeries for the correction of malocclusion are not covered unless a Dental Plan has also been selected. - Treatment for autism, and Treatment for or in connection with speech therapy that is not restorative in nature, or if such therapy is: a) used to improve speech skills that have not fully developed; b) can be considered custodial or educational; or c) intended to maintain speech communication. - Treatment for or in connection with developmental disorders, including but not limited to: ✓ Developmental reading disorders ✓ Developmental arithmetic disorders ✓ Developmental language disorders Developmental articulation disorders
Growth hormone therapy	Covered	We pay for Growth Hormone Therapy only if medically necessary as per DHA guidelines.
Deviated Nasal Septum	Covered	The deviated nasal septum surgery requires pre-approval and review as per Cigna clinical guidelines.
Circumcision	Covered	This benefit pays for voluntary Ritual and religious circumcision for new born male within 2 years from date of birth.

Please note:

- All **Benefits** are subject to **Medical Necessity** review pursuant to **Cigna's** medical coverage policies or other appropriate guidelines in **Cigna's** sole discretion.
- Should the **Benefits** under the **Plan** fall below the minimum required then the cover under the policy will automatically increase to the same level as requested by" the DHA or DOH".

Dietician Services/ Nutritional counselling	Covered	We pay for charges made for nutritional evaluation and counselling when diet is a part of the medical management of a documented organic disease; and when recommended by a Specialist physician or general practitioner. Note: Organic disease is the term used to describe any health condition in which there is an observable and measurable disease process such as inflammation or tissue damage. As opposed to a non-organic (functional) disorder, an organic disease is one in which there are demonstrable physical or biochemical changes within the cells, tissues, or organs of the body. A non-organic disease, by contrast, is one which manifests with symptoms but whose disease process is either unknown or unable to be measured by current scientific means.
AIDS/HIV	AED 75,000	We pay for Treatment in connection with Human Immunodeficiency Virus (HIV) related illness including Acquired Immune Deficiency Syndrome (AIDS).
Speech Therapy	Covered	We pay for Speech Therapy referred as a part of a treatment program for a medical condition and when referred by a medical practitioner / specialist.
Hospice and Palliative Care	Covered	We pay for palliative care for In-Patient, day case or Out-Patient Treatment following the diagnosis that the condition is terminal with a life expectancy of less than six (6) months, and Treatment can no longer be expected to cure the condition; Cigna will pay for the Patient's physical care, psychological care as well as Hospital or hospice accommodation, nursing care and prescription drugs. Note: This Benefit excludes services which are to primarily aid in the performance of activities of daily living (e.g., personal hygiene, feeding, dressing, transfers). This benefit requires pre-approval from Cigna.
Hearing Aids	Covered once per Year of Insurance Co-insurance: 50%	We pay for cost of one set of hearing aids as a consequence of a diagnosed medical condition significantly impairing the member's ability to hear.

Please note:

- All **Benefits** are subject to **Medical Necessity** review pursuant to **Cigna's** medical coverage policies or other appropriate guidelines in **Cigna's** sole discretion.
- Should the **Benefits** under the **Plan** fall below the minimum required then the cover under the policy will automatically increase to the same level as requested by "the DHA or DOH".
